UNIQUE  
ELEVATOR  
INTERIORS, INC.

**Unique Elevator Interiors (UEI)** leads the industry in elevator cab innovation. Our services include designing, fabricating, and installing one-of-a-kind passenger and freight elevator cab interiors. We provide new construction, renovation, and modernization for:

- ▶ Commercial Elevator Interiors
- ▶ Hospitality Elevator Interiors
- ▶ Government Elevator Interiors
- ▶ Residential Elevator Interiors
- ▶ Elevator Interior Components

Since 2001, customers have trusted their elevator cab interior projects to UEI. From the most artistic and innovative, to beautiful standard interiors, UEI builds satisfaction with every project.

We have developed a proven process which ensures design compliance, engineering integrity, user safety, and durable construction. Most important, the UEI process inspires confidence.

Whether we are working with an architect on a Class-A building or designing a heavy-duty freight elevator, our trained certified staff and state-of-the-art fabrication facility ensure the highest caliber of elevator interior each and every time.

We have successfully completed thousands of projects in California, and all of them adhere to the same UEI standard:

**Excellence in everything we do.**

## Our focus is on engineering integrity, safety, quality construction, and customer satisfaction.

Unique Elevator Interiors is an elevator interior construction company committed to Building Customers for Life. We deliver stellar service with every customer interaction and believe teamwork, innovation, and integrity are the cornerstones of our success.

Here's why UEI is the most trusted name in the industry:

### ▶ Tailored Approach

Each elevator interior project is tailor-made to the customer's design, budget, and schedule parameters.

### ▶ Respect

Founded by industry veterans with engineering, fabrication, and installation expertise, UEI brings more than a century of experience to your project. Our management team models customer respect and pride-of-workmanship in all facets of our business.

### ▶ Unique Designs

We have a passion for innovation and the portfolio to prove it. If you can dream it, UEI can build it.

### ▶ Stellar Service

Your UEI team is dedicated to your project from start to finish. We keep an open line of communication with you throughout the process to make sure we're listening to your feedback and delivering as promised.

### ▶ Tools and Technology

In-house fabrication in our own wood and metal shop enables us to control product quality and delivery.

### ▶ Engineering Excellence

We build each elevator cab interior to exact specifications for safety, durability, and aesthetics.

### ▶ Delivering Value

No matter how complex the project, we've got the know-how to make it work. We are committed to being the elevator interior company you return to time and time again.

## Testimonials

"I would highly recommend UEI. They were an integral and valuable part of our elevator cab interior renovation and did a phenomenal job. UEI always stands behind their work. They are simply the best in the industry." Theresa Krueger, Property Manager, 650 California Street, San Francisco CA

"Cab renovation is a complicated process, and yet Unique Elevator Interiors makes it simple. Having worked with UEI on two of our Class A buildings, they've been professional and consistent from the initial sales call to the final installation day and they are genuinely good people, too." Robert Carpenter, VP Operations, Cranbrook Group, Inc.

"My experience with UEI was very positive and collaborative. They understood what we were trying to create and had the technical expertise and professional attitude that made it possible to accomplish our design." Greg DiPaolo, Principal, Carrier Johnson
